

SUNKEN TREASURE

Examples of Children's work

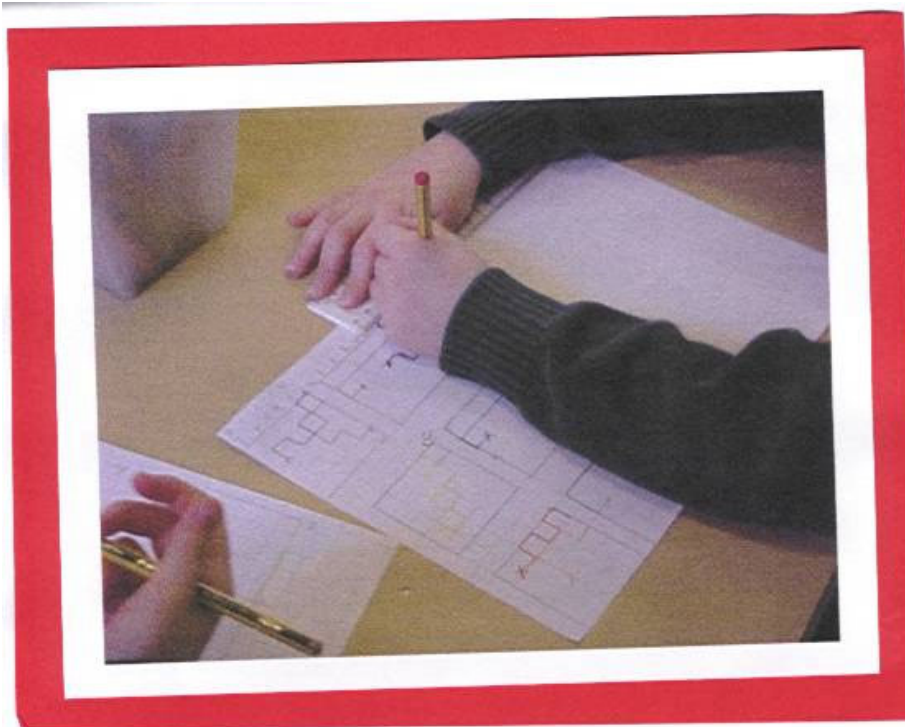

GRID PROBLEM

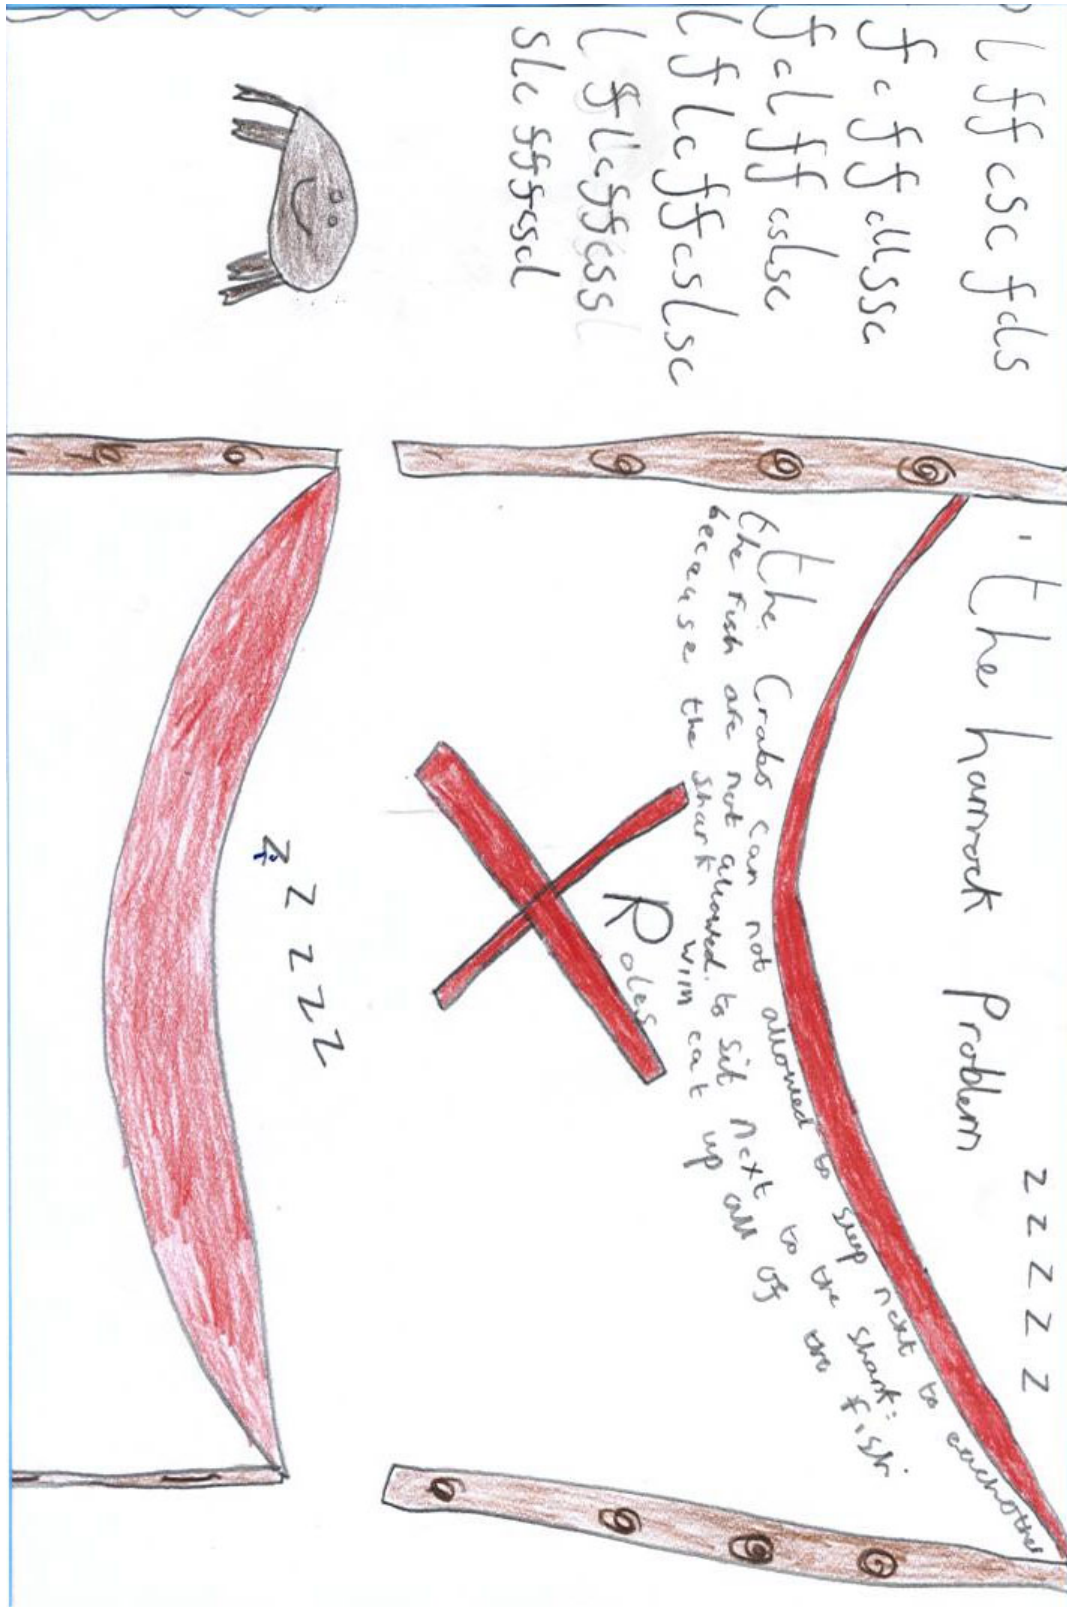

Using a grid on the carpet we acted the problem out and then recorded our answers.

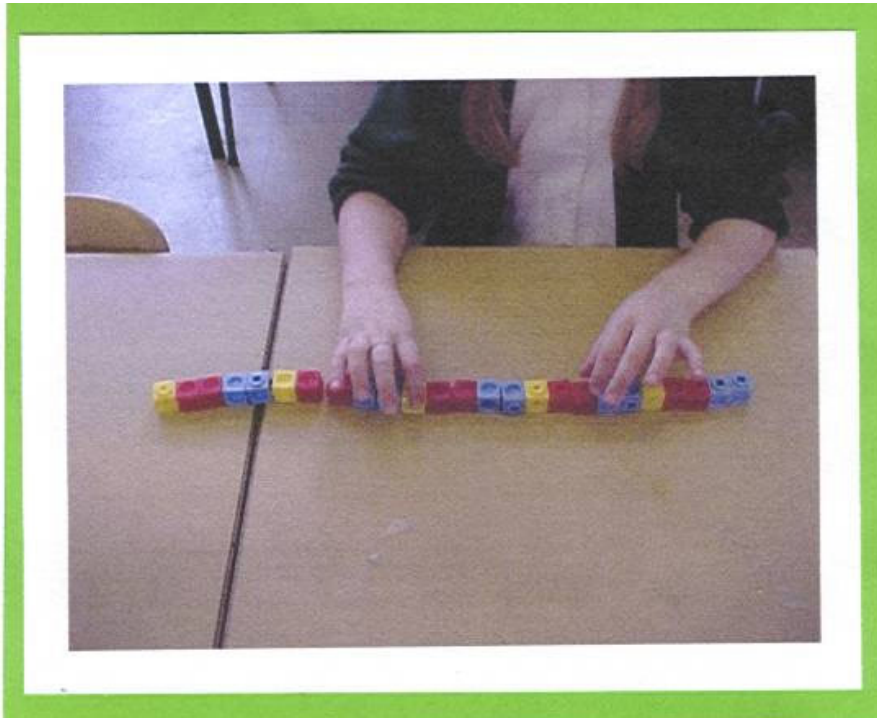

Look how many solutions we found

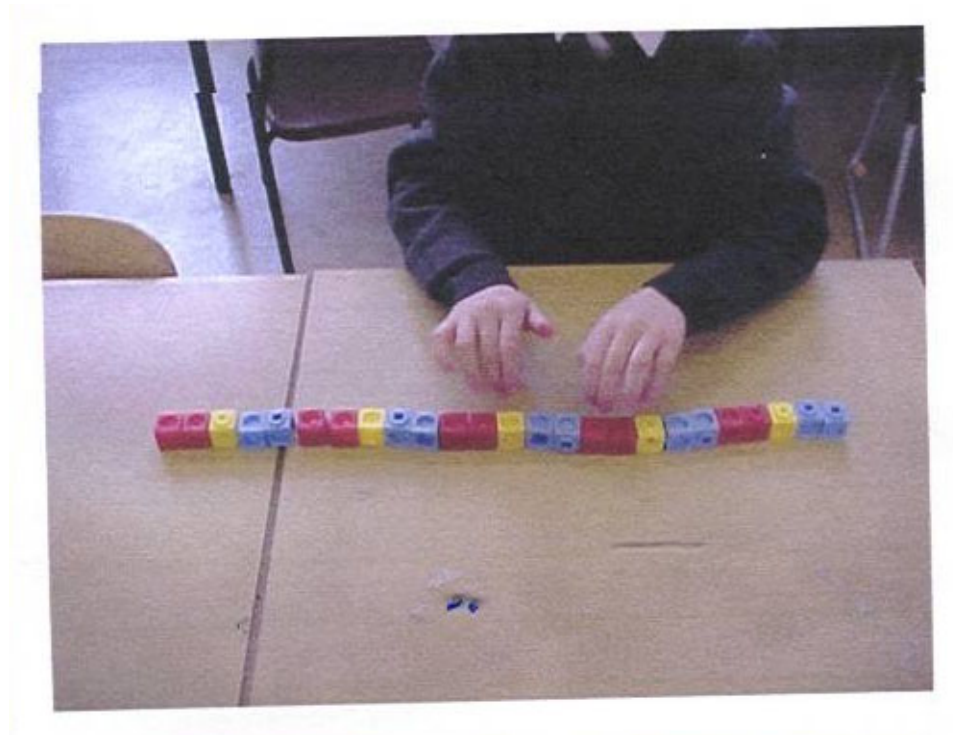

I used the starting letter of each sea creature and wrote the rules down to remind myself.

JEWEL PROBLEM

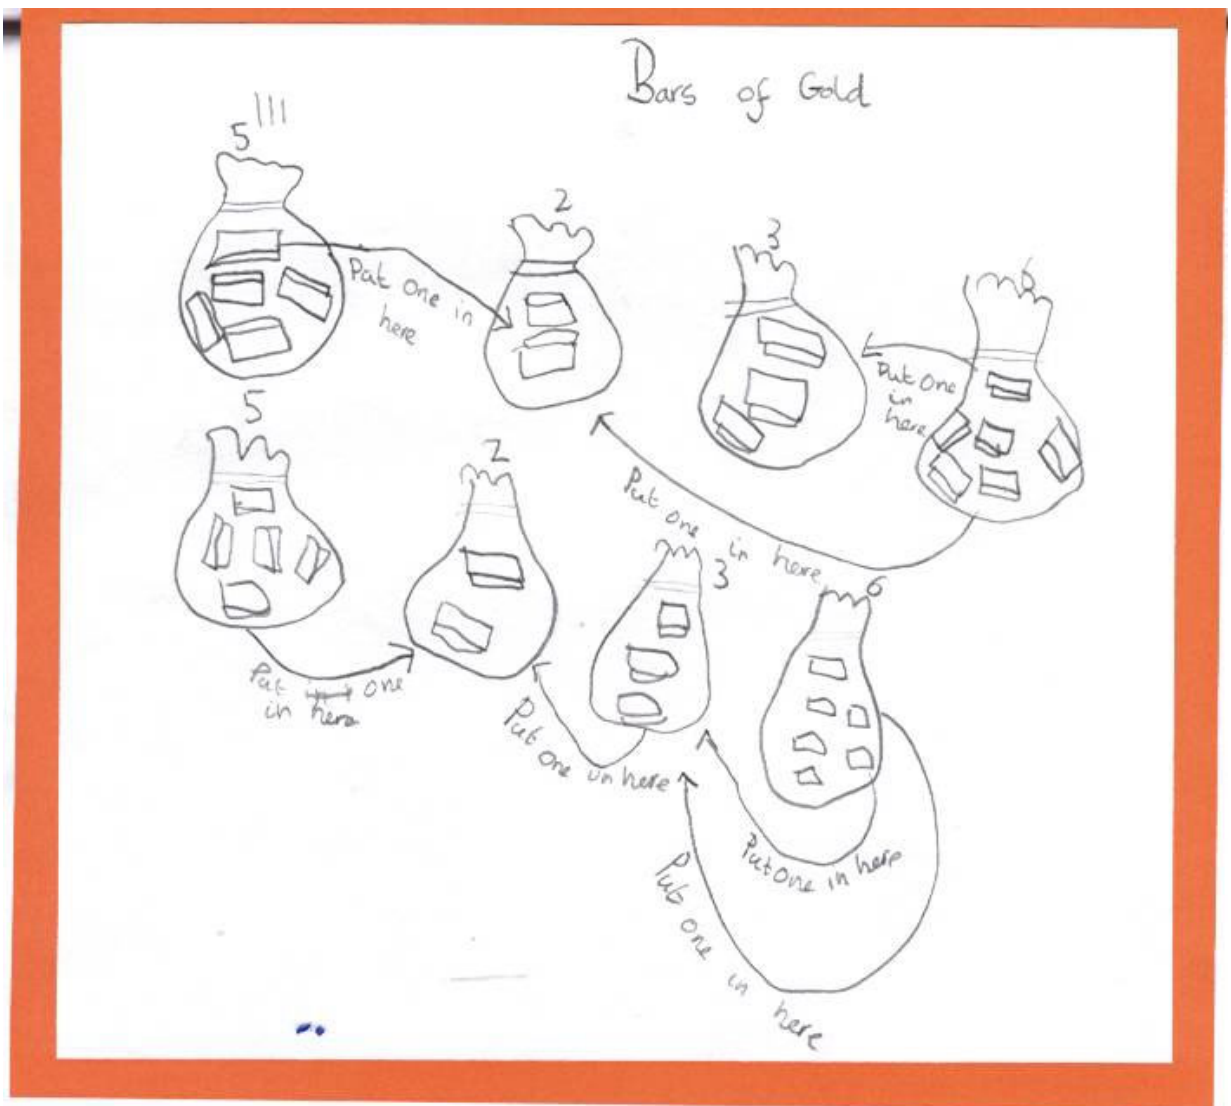

Phew! Done it! Those yellow jewels were a problem.

BAGS OF GOLD PROBLEM

I drew the bags of gold and used arrows and instructions to show how I moved the bars of gold.

I didn't need to draw the bags of gold. I just recorded the bars and how they moved.
